Reflection: What I have learned while making kazini is to always do warm up drawings (Like Circles, lines, squares, and cubes). I also have learned to use quad draw in maya, It helps create the more detailed aspects of a face and ears. I like how simple and cartoonish Kazini looks here. For the future I will continue to reference the book that I have, I will make sure that all lines are relaxed as well!

**FAR LEFT:** Here Marble is using a Soouper Scope, useful for attracting coffee beans, cupcakes, and pumpkins.

**TOP LEFT:** The sugar twins guard the last pumpkin spice latte of Vancouver!

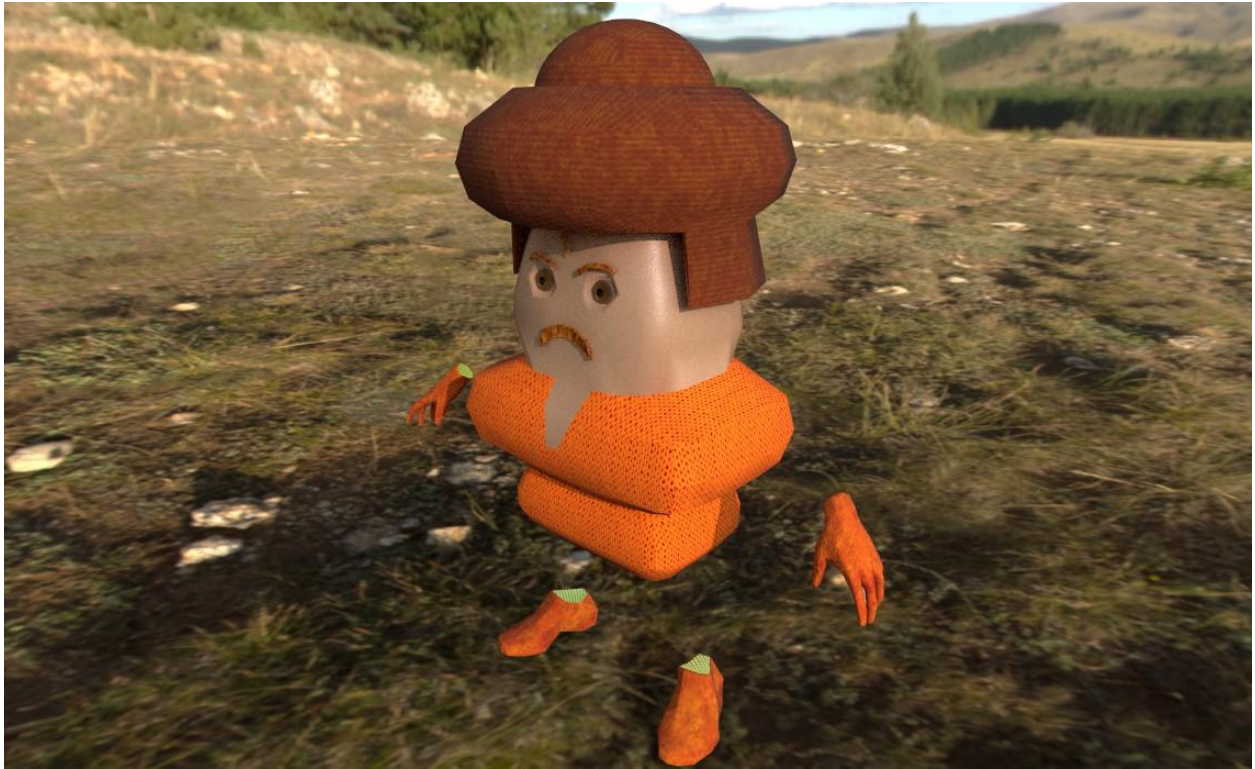

**BOTTOM LEFT:** P Spice will only offer up words of wisdom when presented with a scone and donut (so he may bend them to his will/flavor).

**BELOW:** Cuppabot meets Puff!
